Objective

Highly motivated self-taught web developer with a passion for learning new technologies. Seeking a challenging position as a web developer to contribute my skills and knowledge while continuously expanding my programming expertise.

Work Experience

Front-end Developer at OKTO | July 2023 - March 2025

OKTO is a fintech company specializing in digital payments. Since 2019, they provide an innovative solution for real-time digital payments with their unified payments platform for merchants and customers around the globe.

I was part of multiple development teams and web applications in the gaming industry, with particular emphasis on a payment solution using no app for real-time transactions (OKTO.DIRECT) and an instant eVoucher implementation (OKTO.Cash). More information can be disclosed.

- ❖ Developed and maintained secure, high-performance web applications using **React** and **TypeScript**, being part of the development of reusable and responsive UI components, improving code reusability and reducing development time for new features.
- ❖ Collaborated with backend developers, product managers, and UI/UX designers in an **Agile** environment to deliver new features, meet business requirements, and enhance user experience.
- ❖ Implemented **state management** solutions using **Redux** and **Context API**, ensuring consistent state across multiple components and pages.
- ❖ Improved frontend performance by optimizing rendering strategies (e.g., **lazy loading**, **memoization**), reducing the app's first meaningful render time.
- ❖ Was mentored by senior developers on React and TypeScript best practices, resulting in improved personal and team productivity and code quality.
- ❖ Worked closely with the backend team to ensure end-to-end encryption for sensitive financial data, adhering to PCI DSS standards.

Programmer/Developer at ARHS Developments Hellas | August 2022 – March 2023

ARHS Developments Hellas is the second subsidiary of Arhs Developments, incorporated in Greece in 2016. The mission of Arhs Developments Hellas is to deliver high-quality Services to ensure Customer satisfaction and support the Arhs expansion mandate.

The project I worked on was a web & native application in the pharmaceutical domain (patients support & health experts) for Escen & Nowomed. More information can be disclosed.

- ❖ Developed and maintained web applications using React.js, React Native, and JavaScript.
- ❖ Worked closely with the team to troubleshoot and debug issues, ensuring smooth functionality of the applications.
- ❖ Collaborated with stakeholders to gather requirements, design user interfaces, and deliver solutions that met project objectives.

Front-end Developer at Solutionist | April 2022 – June 2022

Solutionist is a software house providing various types of applications. The projects I worked on were a Google project with several academic institutes for statistical analysis on climate change and a gaming administrative panel. More information can be disclosed.

- ❖ Collaborated with a team of developers to build responsive and user-friendly web applications using React.js and HTML/CSS.
- ❖ Implemented efficient code and optimized website performance to enhance user experience.
- ❖ Participated in code reviews and provided constructive feedback to ensure high-quality codebase

Education

Athens University of Economics and Business, Athens, Greece | [Undergraduate], Bachelor of Statistics (with elective coursework in Computer Science)

- ❖ Relevant coursework: Python, Java, SQL
- ❖ Acquired solid understanding of statistical analysis and data manipulation techniques.

Technical Skills

- ❖ Programming Languages: JavaScript (ES6+), Python
- ❖ Web Technologies: React.js, React Native, HTML5, CSS3, Bootstrap, Node.js
- ❖ Databases: PostgreSQL, MySQL, MongoDB
- ❖ Testing Frameworks: Cypress
- ❖ Content Management Systems: WordPress

Language Proficiency:

- ❖ English (Proficiency)
- ❖ German (B2 level)

Soft Skills

- ❖ Effective teamwork and collaboration, thriving in both team-based and independent work environments.
- ❖ Strong time management skills, ensuring timely project delivery.
- ❖ Excellent verbal and written communication skills, fostering effective communication with colleagues and clients.

Additional information

- ❖ In my free time, I enjoy working out, playing video games, and exploring web-related topics.
- ❖ Military obligations not fulfilled.
